Floor plans and elevations are artist's renderings only, may not accurately represent the actual condition of a home as constructed, and may contain options which are not standard on all models. The same house plans often have multiple available elevations and/or floor plans with dimensions and square footages different from that shown hereon. We reserve the right to make changes to these floor plans, specifications, dimensions, designs and elevations without prior notice. Square footage and dimensions are estimated and are not a representation of the house's actual size or net useable square footage which may be less than the estimated square footage. Estimated dimensions may not necessarily take into account baseboards, crown molding or other trim material that may be included a house. Any statement, verbal or written, regarding "under air" or "finished area" or any other description of the square footage size of any house is a shorthand description of the manner in which the square footage was estimated and should not be construed to indicate certainty. Actual position of house on lot will be determined by the site plan and plot plan. Floor plans are the property of Taylor Morrison, Inc. and its affiliates and are protected by U.S. copyright laws. For further information, please see a Taylor Morrison Community Sales Manager and review our Terms of Use. This is not an offering in any state where prohibited or otherwise restricted by law.
